ABOUT THE DEVELOPERS

Goyal & Co. was founded by the late Mr. Rampurshottam Goyal in 1971 in the city of Ahmedabad. The company has developed over 250+ projects that include apartment developments, villas, plotted developments, corporate offices, townships etc. and possess over 85+ properties as part of their corporate leasing portfolio. After changing the skyline of Ahmedabad, the company is now rapidly growing its presence in the cities of Bangalore & Mumbai. With the goal of achieving a similar market sentiment to that back home, Goyal & Co. is committed to leaving its stamp of excellence on every project that it undertakes.

HN SAFAL was founded in 2010. Over the years, through some of the most exciting phases of Gujarat's evolution as a modern state, we have seen our track record and reputation grow amidst dynamic challenges and changes.

The reasons are manifold. We raise the benchmark with each new project that we undertake by constantly innovating, applying cutting-edge technologies, employing contemporary materials and closely empathizing with customers – thus finally delivering projects way beyond expectations.

We have delivered projects covering a total of 36 Million Sq.Ft. of constructed space in and around Ahmedabad. These serve the highest global standards in terms of engineering excellence, design aesthetics and functionality and demonstrate our commitment to creating spaces for our customers to enjoy a "Life Without Limits".

In the fast evolving real estate landscape, Gala Group is leading the change as a developer of choice for customers with unique requirements. We began our venture as a developer with Basant Bahar – a project of high end bungalows and plotted development in Ahmedabad. Since then, we have earned the reputation of being one of the most trusted real estate developers across Ahmedabad and Mumbai.

Gala Group continues to carry the core values of transparency, honesty, and perfection. Our team is a mix of young, dynamic and seasoned professionals with fresh ideas, innovative thoughts and cutting edge solutions that appeal to every customer's preferences, aspirations, and budget.
